If you have never sailed before, the ideal introduction is our **Keelboat Crew** and **Keelboat Helm** courses with sets of 3 hour practical lessons conducted on our International J24 yachts. You will get a better feel for sailing and learn to sail much faster than starting on our bigger yachts.

After learning to sail on our J24's we then suggest that our bigger yachts are the best next step to learn about pilotage, navigation, diesel, GPS systems. Our courses generally take place over five days or over a series of weekends. Our practical courses are complemented by our navigation and other specialist shore based courses. The theory courses are essential to increase your knowledge and confidence and are the next step to gaining International qualifications recognised by maritime authorities worldwide.

We are located in the Cruising Yacht Club of Australia, Rushcutters Bay, Sydney (home of the famous Rolex Sydney to Hobart Yacht Race). The CYCA is the perfect place to continue your sailing with over 400 yachts, and has been our base for over 30 years on beautiful Sydney Harbour. You can enter our program at any level, provided that you have an adequate level of experience. It is important to be realistic when assessing your experience and abilities. If in doubt you should discuss your requirements with our training centre before booking your course.
